

Eglinton Village Orienteering

In Orienteering you use a map to navigate around a pre-set course in the fastest possible time. This is a simplified version of orienteering to help people explore the Village, have fun outdoors and learn about map reading.

Use the map to navigate to the various control points and answer the questions by circling the correct answer once you find the location. A small purple dot has been added in small circles to show the exact location.

You do not have to do it in order and there are no flags/ checkpoints. I can send you the answers once you finished. Please take care crossing roads etc. Have Fun!!

1. What do the identical traffic signs say on either side of the lane?

GIVE WAY

SLOW

30

2. The tree on the south side of the lane is an oak tree. What type of tree is on the north side of the lane?
